FAX: 02-6673778

Smoking Policy

- All employees are required to observe the smoking regulations in their work location, whether on board a vessel, or at any other ADSO facility and project site.
- Smoking regulations are designed to protect you and your fellow employees. Smoking is recognized as the health and safety hazard and is therefore only permitted in designated areas, both on board landing crafts and at ADSO shore bases, Project sites and offices.
- Designated smoking areas are to be assigned at the discretion of the master on boards landing crafts and the senior management at shore bases, project sites and office, having due consideration for those employees who do not smoke and are entitled to work and spend their off-duty time in a smoke free atmosphere.
- On landing crafts and boats that are not equipped with a purpose designed smoking room inside the accommodation designated smoking areas shall be outside of all accommodation, living and rest areas.
- At shore bases and offices, smoking is only permitted outside of building in safely designated areas.
- All non-smoking areas should be explained during familiarization at all ADSO Landing crafts, boats shore bases, project sites, offices and other areas, as applicable. Similarly, safe designated smoking area should be explained.

“No Smoking” Signs may be posted as deemed necessary.

Smoking was completely prohibited in the following areas and situations like; while undertaking maintenance of Landing crafts and boats, other recognized risk of fire, explosion or any other form of combustions.
